THERE'S JUST NO COMPARISON

When it comes to choosing a lender for your citrus operation, none compare with Farm Credit. Where else can you find financing from experts in your industry? Citrus growers have a demanding business. You need to have knowledge of a wide range of subjects, from propagation and marketing to pest control and business management. Don't add worrying about financing to your already busy schedule.

You need a lender who understands the citrus industry and knows how to help you succeed. You need Farm Credit.

Our knowledge, competitive rates, and flexible terms make us the logical choice for financing your citrus operation.

FINANCING AS INDIVIDUAL AS YOU ARE

At Farm Credit, you'll find loan officers who understand the complex needs and demands of a successful citrus operation and are committed to your success. Whether it's buying land or rehabilitating groves, we are ready to help you grow.

We've been financing agriculture for nearly a century. Let us put our experience to work for you.

Farm Credit makes loans for

- Buying land
- Developing or renovating groves
- Grove caretaking
- Purchasing or leasing equipment, machinery, cars, and trucks
- Refinancing
- Irrigation
- Operating expenses
