FARM CREDIT HAS THE GREEN TO KEEP YOU GROWING

Farm Credit knows how demanding your nursery operation can be. To be successful, growers need to have knowledge of a wide range of subjects, from propagation and marketing to pest control and business management. You also need an experienced lender, one who understands the horticulture industry and knows how to help you succeed.

Look no further than Farm Credit. We're one of the largest agricultural and rural lenders in Florida. Our loan officers specialize in financing nursery operations and understand the complex needs and demands of a successful operation.

Whether you want to build new greenhouses or finance seasonal nursery stock, we're ready to help you grow.

FINANCING AS INDIVIDUAL AS YOU ARE

Farm Credit makes loans for

- Buying land
- Building or buying a home
- Building greenhouses, installing wells and pumps, and other improvements
- Purchasing or leasing machinery, equipment, cars, and trucks
- Purchasing liners, nursery stock, plastic containers, and trays
- Buying plant materials
- Refinancing debts and paying operating expenses

AN OPPORTUNITY FOR GROWTH

If your needs include the purchase of land, buildings, plant material or equipment for your nursery operation, Farm Credit can help. Our loan officers are knowledgeable professionals who can help you finance the resources and materials you need to grow your business.
